AM. LEGION POST TO GIVE BENEFIT

BIG MUSICAL FARCE TO BE STAGED APRIL 15-16

IMPORT N. Y. PRODUCER

Play in Charge of James Russell Formerly With Shuberts—Funds for Furnishing Club Rooms.

"Johnny Get Your Gun", a big musical farce made famous by Fred Stone, is also to be given by the James Edward Gray Post, American Legion, at the Empire theatre April 15 and 16.

The post has imported Edward Russell ,a producer formerly with the Shuberts, Klaw & Erlanger, and other big New York producers, to take entire charge of the production. Mr. Russell was last seen in New York with Hammerstein's production of "Naughty Marietta", with Mme. Trentini, who later assumed the juvenile role in Belasco's "The Boomerang". Accompanying Mr. Russell as a business manager is Paul Kramer who will look after the publicity for the Post.

"Johnny Get Your Gun" is not a military play but a comedy with a laugh every minute, the prologue opening in a moving picture studio with "Johnny" as the stunt man of the film factory. From this atmosphere which introduces such folks as Theda Bara, Mary Pickford, Charlie Chaplin, Douglas Fairbanks Marguerite Clark, etc., the first act goes to an artistic home in the east. Beautiful musical numbers, fine ensembles, a kiddie ballet and a concerted orchestra will help swell the play to proportions, the like of which has rarely been attempted by local talent.

Several of the cast have already been picked and a whole drove of Maryville pretty girls and handsome youths are to be in the big chorus.

The Post is planning on this production to earn the money to aid in financing their quarters and to purchase some necessary furnishings. They expect to give a high class show and make every minute of it worth the money. In the soldier way the play will put "Johnny Get Your Gun" over the top with a big artistic success and know their friends will aid the going over to a financial success also.

J. STARK CHAIRMAN OF MASONIC BUILDING BOARD

Effect Permenant Organization Last Night and Will Submit Definite Plans Soon.

The building committee of the Masonic lodges held a meeting last night at the home of John Vert and perfected an executive organization by electing Jordan Stark, chairman and Walter S. Todd secretary. This board is composed of George B. Baker and Jonathan Stark from Nodaway lodge No. 165; John Vert and Walter Todd from Maryville lodge No. 470 and Mrs. W. W. Stiwalt from the Eastern Star.

A number of plans are under way for the building of a new Masonic hall in this city and when the committee has them in shape, the plans will be laid before the lodges for discussion.

The Masonic bodies have been without any regular hall since the burning of the Michau building three years ago and since that time they have used the I. O. O. F. hall for their meetings.

The building plan has been up for consideration tentatively since that time but no definite steps have been taken.

Various sites are under consideration for the erection of the building and also several plans for the both the building and for its maintenance and these ideas will be put into definite shape and presented to the lodges in a short time.

SCARCITY OF FARM HELP WILL CUT CORN PRODUCTION

F. A. Kaiser Says Many Nodaway Farmers are Decreasing Arreage for Lack of Man Power.

F. A. Kaiser, Nodaway county, a young farmer and stock raiser who accompanied a carload of cattle to market here today, believes the scarciety of farm help will tend to cut down the area planted to corn this season in his section of northwest Missouri. "The farm help problem is the most serious farmers have ever had to face," said Mr. Kaiser. "The high wages being paid in the city have attracted large numbers of farm youths from the rural districts. Even at current high wages it is impossible to get sufficient help to man the larger farms. The result is that the area of cultivated land is very likely to be cut down, farmers just putting in what crops they are able to handle themselves. I know a number of farmers in my neighborhood who are planning to increase their acreage of oats and cut down the corn acreage, as oats can be raised with less farm help than corn which needs close attention and intensive cultivation from the time it is planted until well along toward maturity and therefore demands more man power." —Stock Yards Journal.

HEALTH CRUSADE BUTTONS FOR SCHOOL CHILDREN

Superintendent Cooper has Merit Buttons Ready for Children who have Earned One.

County Superintendent Bert Cooper received yesterday the health crusade buttons from the tuberculosis society of the Red Cross of the state. These buttons will be given each pupil doing certain health chores such as cleaning their teeth twice a day, sleeping with window open, eating wholesome food, washing before eating, doing so much play and exercises, and other healthful things for a certain length of time. PROMINENT JUDGE IN DIVORCE SUIT

MRS. D. M. VINSONHALER FILES SUIT IN OMAHA.

ARE FORMER RESIDENTS

Husband on Farm in South Missouri While Wife is Living in California.

The following article regarding some former resident of this city was taken from the Omaha World Herald of Wednesday evening.

Mrs. Isabel E. Vinsonhaler, wife of Judge Duncan M. Vinsonhaler, for years one of the most prominent members of the Douglas county bar, and a former county judge, last evening filed suit for divorce in the district court here against her husband, charging extreme cruelty.

Judge Vinsonhaler retired from the practice of law several months ago to take up life on a farm in the Ozark hills of southwest Missouri. At that time it was announced that Mrs. Vinsonhaler would join him later, after he had prepared a residence.

Mrs. Vinsonhaler is in Los Angeles at present, with her daughter, Mrs. John M. Caldwell, and Mrs. Victor B. Caldwell, the mother of John Caldwell. John Caldwell, it was stated by a maid at Mrs. Victor Caldwells home last night, is in Chicago on business and will not return before April 1.

The petition which was filed by the law firm of Gurley, Fitch, West & Hickman, is brief, containing but three short paragraps. It states that Judge and Mrs. Vinsonhaler were married in Kirksville, Missouri, June 20, 1893, and that they have resided in Omaha since that time. The wife asserts that she "has been a fond and loving wife", but that "the defendant, without provocation on the part of the plaintiff has been for more than six months past guilty of extreme cruelty." The wife asks for divorce and for "such other relief as equity may require."

The Vinsonhalers have two children, a boy, Ellison 18, now in St. Louis, it is said, and a daughter Mrs. John H. Caldwell. Caldwell was formerly in law firm with his father in law, the firm of Vinsonhaler, McGuckin and Caldwell, with offices in the First National bank building.

The residence formerly occupied by Judge and Mrs. Vinsonhaler was at 2516 Harney street.

The announcement a few months ago that Judge Vinsonhaler would retire from the law to take up the pastoral life of an Ozark farmer created great surprise among his friends and legal associates. It was explained at that time that for many years the judge had dreamed of the life of a "gentleman farmer", and that a recent business trip into southern Missouri had resulted in his being attracted to a pretty farm near Branson, Mo. which he subsequently purchased.

Judge Vinsonhaler was born in Graham Mo., in 1867, was educated in the common schools of his native state, and later attended the University of Michigan, graduating in 1891. He was admitted to the bar in Michigan. He came to Omaha in 1893, and after practicing alone for two years, became associated with F. B. Tiffany. This partnership lasted until March 1, 1895. He later became senior member of the firm of Vinsonhaler, McGuckin and Caldwell, which was dissolved upon the judge's departure for Missouri.

Attorney Gurley, who filed the divorce petition, last night refused to discuss the case in slightest detail. "All there is to it is in the petition," he said.

16 TEAMS ENGAGED IN B. B. TOURNEY

THREE GAMES SCHEDULED AT COLLEGE TONIGHT.

MANY VISITORS IN CITY

Bigelow, Galt, New Hampton, Maryville and Tarkio Winners Today—Reception for Visitors.

Results of the Games.

Bigelow 39; Stanberry 27.

Galt 41; King City 11.

New Hampton 32; Lafayette of St. Joseph 16.

Maryville 24; Tina 15.

Tarkio 35; Westboro 15.

Sixteen teams have entered in the Northwest Missouri Basket ball Tournament being held today and tomorrow at the State Teachers College.

The games to be played this afternoon are: Tina vs. Maryville; Tarkio vs. Westboro; Daleview vs. Richmond.

The games scheduled for this evening are: St. Joseph Benton vs. Mound City; Holt vs. Hopkins; and Bigelow vs. Galt. The Bigelow quintet had the Stanberry boys outclassed from the first and never was the score in doubt. Osborne starred for Bigelow, making 18 out of 39 points. Chatten played the stellar position for Stanberry making 18 out of 27 points.

The Line-ups Follow:

Stanberry —Chatten, f. 9 field goals; Laughlin, f. 1 field geal and 1 foul goal; Jameson, c. 1 field goal; Hinkley, g. 2 field goals; 12 fouls committed. Total 13 field goals and 1 foul goal.

Bigelow—Palmer, f. 4 field goals; Osborne, f. 9 field goals; Davis, c. 3 field goals; Wilson, g. Jackson, g. 7 foul goals. Total 16 field goals, 7 foul goals, and 7 fouls committed. Referee—Glenn; scorer—Hull; timer—Carter.

The second game was between Galt and King City. The latter team was defeated 41 to 11. The first ten minutes of play was very close but after that the Galt boys gradually left the smaller team. Croy preformed best for Galt, making 16 out of 41 points, and Thraikille of King City making 8 out of 11 points.

The Line-ups Follow:

Galt—German, f. 3 field goals and 9 free goals; Toille, f. 2 field goals and 1 free goal; Croy, c. 8 field goals and 1 free goal; Huston, g. 1 field goal; Johnson, g. 1 field goal; Shore, f. Total—15 field goals; 11free goals; and 3 fouls committed.

King City—Thraikille, f. 4 field goals; Riepe, f. 1 field goal; Campbell, c; Yates, g. 1 goal; Rodgers, g; Gilbert, f. and Berry, f. Total—5 field goals, 1 free goal and 13 fouls committed. Substitutes—Galt—Shores for German, King City—Berry for Thraikille; Thraikille for Campbell; Gilbert for Campbell. Referee—Richard; scorer—Hull; timer—Carter.

In the third game between Lafayette high school of St. Joseph and New Hampton, the latter team carried the score up to 16 before Lafayette scored. Then the score began climbing on both sides and with but a few minutes more to play, the score stood 32 to 16 in favor of New Hampton. Lafayette's forward, Pepper, however , had four personal fouls tacked to his credit so was taken from the game. Lafayette having no other substitute forfeited the game. The score standing 2 to 0 in favor of New Hampton. Brown of New Hampton was the individual star, making 18 out of 32 points for his team.

The score was Lafayette—6 field goals; 4 free goals; 6 fouls. New Hampton—15 field goals; 2 free goals; 10 fouls. Referee—Puckett; scorer—Hull; timer—Carter.

In the first game of the afternoon between the Maryville and Tina teams, the victory was won by Maryville with a score of 24 to 25. This game was followed by Tarkio and Westboro and the end of the first half the score stood 18 to 8 for Tarkio.

At 4:30 o'clock the college faculty and students entertained all the teams and visitors with an informal reception in the college library.

THE BIG STYLE SHOW OPENS MONDAY

WINDOW CURTAINS RAISE ON THE MINUTE OF 7:30

MANY SPECIAL EVENTS

Merchants Planning Demonstrations and Elaborate Showings for the Pleasure of Nodaway County

On the minute of 7:30 o'clock next Monday night, the curtains of the Maryville stores will be raised in the formal opening of the first aggregated Spring Style show ever held in the city, which continues through the week of March 22-27.

The opening will be marked by a band concert, the band playing from an electrically lighted float which will be driven up and down all the business streets.

This Style Show is given for the pleasure of the public and is not a trade bargain event. It has been given publicity through the Maryville Ad club in over twenty newspaper outside of this city and every merchant is displaying his finest assortment of goods for the inspection of the crowd expected.

The unveiling of the windows on Monday night is but the opening of a week of events that will be of interest to the public. All the merchants of the city are working as one throughout this entire week to make this exposition attractive and co-operating thru the Ad club to show their new goods and to extend the glad hand of community friendliness.

A Fashion Model Revue.

This Style Show is not an exposition of exquisite feminine toggery alone for all the latest modes of disc plows and building bricks and swelled head lettuce seed is to be on display. But the male public wouldn't be satisified if the ladies didn't have first place.

The Yehle dry goods store is going to add the only thing necessary to make a spring gown a thing of ravishing loveliness, that is, to put a pretty maid inside the gown.

Beginning at 8 o'clock, in the big east window of the store will be a display of spring gowns on living models. This will include a showing of street, afternoon, sport and evening models new coats and hats and the other accesories of dress. The window will be converted into a stage supplied with a beautiful background and lighting effects.

Lowry's Tractor Show.

At the Lowry Hardware and Implement store is to be a continuous series of demonstrations. The window display on Monday night and the remainder of the week will be lighted by one of their special plants and there will be a demonstration each day of tractors and farm implements. An extra snap is put into things by the display of a fine harness that is to be disposed of at the visitors bid. And the only way to do justice to the event is to be there.

Schumacher's are There Too.

Hoover and his gang will have to hide out when Schumacher starts in on the food demonstration which he is arranging for the taste of his customers next week. The details of this event are not ready to be fully announced but the nuff sed when it comes to the brand of dainties handled by Schumacher. Others of the grocers and restaurant men are planning similar demonstrations.

Candy Land a Fairyland.

There is to be more goodies displayed than the chocolate eat and ginger bread man shook off the plum tree. And there is an extra treat in store for Monday night. If it was told some night come to town without their supper and eat so much there wouldn't be enough for the next fellow but it won't pay any one to stay on the outside of Candy-Land.

"Reuille" in the Parade.

Reuillard's model wholesale bakery on West Third street is to wear its company manners all week and every one is welcome to come in and meet the smiling force and look over the electrically driven machinery that turns out the famous Butter-Nut bread.

White Way Lights On.

One big real pleasure coming to the public on Monday night is the turning on of all the White Way lights just like the good old days before the war. Because of lack of funds only the top light has been turned on for the last two years and the whole cluster will be lighted Monday night and there after. The Maryville Light and Power company are also going to have some pretty displays at their sales room in the Empire theatre building.

Penney's Hat in the Ring.

A new 1920 7:30 o'clock Monday night hat, too. The big windows of the J. C. Penney store will carry some handsome decorations for Monday night show and the remainder of the week. New goods are arriving and the store is being put in readiness for the opening which will be made in April.

Style in Incubators.

Don't you think when a Plymouth Rock chick reached a speaking age he would enjoy telling his chicken pals that he was hatched in a model incubator shown at the Howard Wray hardware store during the Spring Style Show. They are to be shown—the incubators, all week and a heap of other things including a cream separator in action.

COURT HOUSE CUPOLA DAMAGED BY HIGH WIND

Galvanized Iron Strip on North Side Stripped Off—Revives New Building Talk.

The high winds of the past week have damaged the cupola of the court house, a strip of the galvanized iron on the north side of the cupola having been blown off. It is not known at this time the exact amount of the damage done and whether the steeple was to any extent damaged.

Many people have been referring since the accident to the condition the court house building is in and the fact that it is time for a new building.

CONDUCT OF WOMEN UNCHANGED BY WAR

BRITISH ENGINEER CRITICISES WORK OF AMERICAN WOMEN.

WHERE WOMEN MADE GOOD

Daughter of Secretary of Labor Refutes Assertions Made by James Swinbourne.

"Women war workers of the United States did not indulge in cursing, smoking and the use of slang. These habits may have been adopted by their English sisters, but I doubt it.,,

This refutation made by Miss Agnes Wilson, daughter of the Secretary of Labor, in reply to the recently published assertions of James Swinbourne, well known British engineer, who attempted to discredit the accomplishments of women during the war.

"The war was a huge sex advertisement for women," Mr. Swinbourne declared in his widely published interview. "Women wore comic opera uniforms, and all their organizations had 'women' in their titles. The woman war worker wore breeches of some sort whenever possible, and cursed smoked, talked slang and became as good an imitation of a lower type of man as she could."

Miss Wilson, an eager champion of women, charneterizes Mr. Swinburne' statements as "absurd."

"The fact that women went into industries from which they could derive no possible advertisement is the best refutation of Mr. Swinburne's accusation," she said. "The lines of industry in every one of which women made good, and which they entered to relieve the shortage of men workers, are almost to numerous to mention."

She enumerated various kinds of work, formerly done by men alone, in which women made excellent records during the war. Among them were textile manufacturing, munitions manufacturing, telegraphy, farming, mechanical repairing—in which women were used in the United States, even in the navy yards; day labor, messenger service, all kinds of garment and shoe manufacturing, all kinds of clerical work.

"Women became newspaper editors, judges and mayors of cities," Miss Wilson said. "In few of these lines of work did they wear uniforms. Mr. Swinburne's statement that women war workers wore comic opera costumes has no basis in fact. The army of women who worked on the farms and railroads or in the factories wore no costumes different from those to which they were accustomed unless to protect their clothing. Men in the army and navy wore uniforms. Why shouldn't women have worn them also, if they had cared to, when engaged in war work?

"An illustration of the sanity of women's organizations which engaged in war work was the National League of Women's Service," Miss Wilson continued. "This organization might have gone ahead on its own tack fussing around over numerous unessential matters. Instead, it co-operated with the Department of Labor for which the league registered all the women workers in the country."

Mr. Swinburne's derogatory remarks about women's ability in general, Miss Wilson considered too petty to be given consideration.

UTAH EDUCATOR TO BE HOLDEN'S FIRST ASSISSTANT

Prof. Orson Ryan to Take up New Work. Visited Nodaway Rural Schools a Few Weeks Ago.

Prof. Orson Ryan of Price, Utah, who visited in Maryville a few weeks ago in company with Prof. P. G. Holden of Chicago for the purpose of visiting the rural schools of Nodaway county and inspecting their methods of teaching vitalized agriculture has resigned his position as county superintendent of Carbon County Utah, to take that of first assistant to Mr. Holden. Mr. Ryan will take up his residence in Chicago, April 1.

The following notice regarding the work of Mr. Ryan is taken from the Price News-Advocate.

County Superintendent Orson Ryan is to leave Carbon county for a wider field just as soon as he can make arrangements to sever his connections here.

Mr. Ryan has been offered the position of assistant to Perry G. Holden in charge of the educational extention work of the International Harvester company. The company appropriates $300,000 per year for the work and it extends over the whole country. Fifty people are employed, most of them being experts in various agricultural lines and they devote their energies to special work in improving seeds and methods of cultivation through the schools and in work with the adults in the homes. Mr. Holden and Mr. Ryan will devote their time to lecturing at normal institutes, short courses and in other ways advancing the work in general. As first assistant to Mr. Holden Mr. Ryan will become at once a national figure and willtravel extensively. The salary will be far larger than any school man in Utah is now receiving, not excepting the state superintendent. The work offers wonderful opportunities and it will broaden rapidly. Carbon county may feel proud that the great corporation came to it for a man to carry on its work after looking over the whole United States to find the one best fitted for the task.

Chickns Made $925 in Year.

Mrs. J. M. Henderson living west of Barnard sends us a report of her chicken account from February 1, 1919 to February 1, 1920. During that time she has taken in $925.72 from 250 White Leghorn chickens that she has in her flock.

She says that she sold 4250 eggs for hatching at $4.50 per 100 eggs, set 750 herself and sold the rest at market price. In addition she used all she needed for the table and did not count these in with the money received. Mrs Henderson says that she has no ideal house for her hens and that she does not feed a carefully balanced ration and that if she did, she is sure she would increase her income from the hens. At that, she says she has one of the best laying strains in Nodaway county, the kind that lay and pay.—Barnard Bulletin.

GEORE WALKER REMOVED TO HOME AT RAVENWOOD.

George Walker of Ravenwood who has been ill at St. Francis hospital for the past seven weeks was taken to his home a few days ago. Mr. Walker suffered an attack of pneumonia following influenza and was in a critical condition for several weeks. He was able to sit up Tuesday for the first time since his illness. Mrs. Walker was also very ill during this time with a similar trouble but was not so serious.

Dressmaker Doing Her Bit

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Pharmacy and druggists everywhere. ADV.

New Addition to Ravenwood

L. A. Goodson this week purchased of E. W. Bishop the land one block wide running north and south from the new school building to the north end of the Bishop line. This will be laid off in town lots soon as surveyed.

The people of Ravenwood rejoice at this move as the town has been seriously handicapped for several years on account of the scarcity of resident lots. This is one of the best building sites in the town, as it is high and rolling and giving a splendid view of the town.—Ravenwood Gazette.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

MISTAKEN FOR CAR THIEF WREN HAS EXCITING RACE?

"Stepped on 'er" All the Way to Burlington Junction With Fred Diss in Chase.

R. A. Wren, local manager of the Hudson-Essex Sales Co., of Nodaway county, had an exciting race from Maryville Monday when he was mistaken for a car thief and pursued by some of the law abiding citizens of that place.

The story run likes this: W. G. Carpenter, bound for Kansas City, drove Wren's Hudson to Maryville early Monday morning in order to take the train there. He left word at the garage for Wren to take the 10:30 train to Maryville, and that the car would be at the Diss & Irby garage. He told Mr. Irby of the arrangements upon arriving in Maryville.

When Mr. Wren arrived in Maryville he went to the garage, and seeing his car in front, climbed in and started away. Mr. Diss, who had not been told of the arrangement, saw the car leave and decided that he had caught an auto thief red-handed.

He immediately gave chase in another car, and when had almost caught up with the "stolen" Hudson, Wren "stepped on 'er". Mr. Diss again drew up to almost passing distance, and again Wren drew away from him, thinking that he was having a jolly time in demonstrating the merits of his car and not suspicioning that he himself was under suspicion. This performance was continued all the way to Burlington Junction.

Arriving here Mr. Wren drove his car into the Carpenter garage, and Mr. Diss followed. The latter, believing that he had his quarry cornered, made known the fact that Mr. Wren and the Hudson were going back to Maryville with him p. d. q.

He was soon convinced, however, that the car was in possession of its owner, and accordingly returned to Maryville minus not only the Hudson but a tire from his own car and his hat, which had blown away in the race.—Burlington Junction Post.

HIGH WINDS WRECK PROPERTY AT GRAHAM.

The heavy winds have been doing considerable damage at Graham. The front of the Weddles garage was blown in, a part of the roof on Charles Wakley's was blown off and Billie Wilson had 90 foot hogh shed unroofed Some buildings on the farm of Charles Zaph were also unroofed and considerable other minor damages were done by the wind all through that section.

Have One on Me!

As the Governor of North Carolina said to the Governor of South Carolina, it has been a long time between——

No doubt it has been a long time since you took an invoice of your property. And if you have not, did you know that your property has more than quadrupled in the past five years. Did you increase your insurance to cover the increased value of your property?

If you did not, don't you think now would be a good time to take an invoice and get insurance to cover?

Remember that we write all kinds of fire, lightning and tornado insurance on all kinds of property.

If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like salts, oil, calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half sick bodies. They work while you sleep.—Adv.

BARNARD-BOLCKOW DITCH LINE BEING COMPLETED

Will Follow Natural Bed of River and Strike all Railroad Bridges.

The Barnard-Bolckow drainage district is making rapid progress in the work of reclaiming the bottom land that is being overflowed with each small rain, and the line of the ditch is being completed now. The surveyor has run the line of the ditch past the Andrew-Nodaway county line running south and will soon have the approximate route of the ditch ready for approval by the board of directors of the drainage district soon.

The route of the ditch is practically straight following the natural bed of the river, there being no place more than a 2 per cent curve. It is being planned by the board of directors to secure two dredges if possible and put them to work on the ditch, one at each end. Dry land dredges will probably be used.

Society Brand Clothes Bespeak Your Success With Their Unquestionable Style and Quality

They will dress you up to your ambitions—your improved appearance will invite prosperity to knock at your door.

It is very extravagant practice to wear cheap, style-dead clothes—you are placed in the same class with the clothes you are wearing and it takes but one glance to get your classification.

Stores, like men, hug hobbies. One of our big hobbies is **Clothes**. We have always shunned "average" clothes. That a pattern "is popular" and that "everybody is buying it"—dooms it with us.

There's no welcome here for the same, tame and lame. The main spring of our **Clothing** is it's different.

If every man knew how wonderfully good Stein Bloch and Society Brand Clothes are—business suits, evening clothes, overcoats—the demand might embarrass us.

The knowledge is extending, though.

We have prepared for the biggest season in our history.

We shall be happy if you will come in and see the new spring styles, and make your selections while the choosing is at its best.

THE PRICES ARE RIGHT.

Our great business has attained its present size by being built on a solid foundation of value giving and courteous dealings.

Found Dead in Bed.

On the morning of March 16, Mr. and Mrs. Alex Grimmit, who live on the Jas. Swinford farm, north of Harmony, arose, leaving their six months old baby girl, Hazel Florence, apparently sleeping soundly, but when a short time later, the mother went to look after her babe she was horrified to find it had passed away in death. The little one had always been frail. On the 17th at 2 o'clock p. m. Elder W. A. Chapman preached a short sermon, at the Gaynor Christian church, and the little body was laid to rest beside the three little brothers who had preceded it, in the Dunkard cemetery near Sheridan.

Buys Small Tract Near St. Joe.

John W. Lindsay, who recently sold his 160 acre farm, east of Hopkins, has bought a 17 acre tract of land near St. Joseph, paying around $500 an acre for it, but it is cheap at that as it is well improved, the house on it being a modern bungalow nearly new and the other improvements good. Mr. Lindsay and family have already moved to their new home and are followed by the best wishes of their many friends in this vicinity. Mr. Lindsay expects to spend part of his time in the west in the cattle business while his son "Wink" will make a specialty of raising registered spotted Poland China hogs on the place they have just moved to.—Hopkins Journal.

Jeffers Stolen Car Located.

Clem Jeffers received word last week from the authorities that the enclosed Ford stolen from his garage two years ago, had been located at a town in western Nebraska. He is waiting for further instructions before going west to get it. It is said the thief is now in the penitentiary and a Nebraska garage man is holding the car for storage bill, so the expense may eat up the machine.

Clem left Wednesday afternoon for Sidney, Nebr., to look after the car.—Hopkins Journal.

Miss Carrie Conway of St. Joseph spent yesterday in Maryville on business.

PASTOR ISSUES LIST OF DON'TS FOR COURTSHIP.

Boston, April 19.—The Rev. Henry P. White, S. J., of New York, in a lecture here gave the following list of 'don'ts' to those courting a life partner:

Don't allow the period of courtship to run over one year.

Don't marry a frivolous person.

Don't marry a person you have doubts about.

Don't try to reform those who have bad habits. Let them reform themselves.

Don't be afraid to kiss after you are engaged, but kiss in the open and not in the dark.

Use your head during the courtship the priest advised, and keep your affections in abeyance. Good principles and a serious disposition are essential in a life partner.

Rapid heart throbbing does not necessarily mean heart disease; generally it is caused by a disordered stomach. Prove it for yourself by taking Prickly Ash Bitters; if the stomach is at fault the heart symptoms will quickly disappear. Price $1.25 per bottle. Maryville Drug Co. ADV.

MISSOURIAN TRADE COMMISSIONER TO JAPAN.

Columbia, Mo., March 19.—Word has been received in Columbia of the appointment of Alfonso Johnson, a former student in the School of Journalism of the University of Missouri, as United States Trade Commissioner to Japan. He will be succeeded in this work by Vaughn Bryant of Kansas City, a graduate of the School of Journalism of the University, who has taught in the universities of Kansas and Texas and who has been University publisher at Columbia.

Iceland still clings to the old barter system, little trading being done in the island with cash.

Portugal is the most illiterate country in Europe; more than 60 per cent of its population cannot write.

A Missouri Woman Who Was "Down and Out"

Kansas City, Mo. — Several years ago I was almost 'down and out' with woman's weakness. I suffered so I would be bedfast an entire week at a time. I had known of Dr. Pierce's Favorite Prescription all my life as a wonderful tonic for women, but I neglected trying it in my own case until I just had to resort to something for relief. Then I purchased a bottle and it certainly proved itself to be the right medicine. I then took Dr. Pierce's Golden Medical Discovery along with the 'Favorite Prescription' until I was eventually cured of this ailment. I have taken the 'Golden Medical Discovery' since for neuralgia and it gave me almost immediate relief."—MRS. BULA BIERMAN, 345 N. Hardesty Ave.

For Young Girls

E. St. Louis, Mo.:—"Before I married I suffered severely at times with backaches at certain times until I took 'Favorite Prescription.' I never took any medicine in my life that proved so beneficial as the 'Favorite Prescription' did. It not only relieved me at the time, but I have had no periodical trouble since nor backaches so have no hesitancy in recommending Dr. Pierce's Favorite Prescription to young girls who suffer, for I know it will benefit them just as it did me."—MRS. LOUISE OELLERMANN, 2607 Palm St.

A Word About the Kidneys

When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

You can write Dr. Pierce, Invalids' Hotel, Buffalo, he will tell you what to eat and how to live so that more uric acid will not form in your system. No charge for this advice.
